NEWS RELEASE

TSX-V: CUX

March 29, 2018

CARMAX CLOSES A NON-BROKERED PRIVATE PLACEMENT

Vancouver, B.C. – March 29, 2018 – Carmax Mining Corp. (“Carmax” or the “Company”) (TSX-Venture: CUX) is pleased to announce that it has today closed the non-brokered private placement of units announced in its news releases of March 22, 2018 for gross proceeds of CDN\$1,500,000.

The non-brokered private placement consisted of the placement of 18,750,000 units at a price of \$0.08 per unit. Each unit consisted of one common share of the Company and one transferable share purchase warrant with one full warrant entitling the holder to purchase one additional common share of the Company at a price of \$0.12 for a period of two (2) years following the date of closing. The term of the warrant is subject to an early acceleration provision wherein the warrant will become callable on 21 days’ notice if the Company’s shares trade at a price of \$0.25 per share or greater for a 30 day trading period after the four month hold period attached to the units sold expires. In the event the shares trade at the threshold price, the Company may give the Placees notice to exercise the warrants within 21 days after notice is given failing which the warrants will thereafter expire.

As compensation for the placement of the units, Carmax will pay cash finder’s fees of \$48,047.88 calculated at 6% of the amount placed by three finders.

All securities issued by Carmax pursuant to the offering have been issued subject to a four month hold period expiring July 30, 2018.

The private placement is subject to TSX Venture Exchange final approval.

About Carmax

Carmax is a Canadian company engaged in exploration for porphyry copper-gold-molybdenum deposits in northwestern British Columbia.
